

# A French Tribunal Rules That "Anti-White Racism" Does Not Exist

A rapper and a sociologist – you can guess more details about them – put out a C.D. called “Fuck France.!” It was full of murderous sentiments towards French people, white non-immigrant français de souche people. Someone sued under the laws prohibiting incitement of racial hatred. And the tribunal just held that because the targets were white, and obviously there can’t be such a thing as anti-white racism, ergo...

The idiotic decision [here.](#)
