

Abdul Samad Al Swed, Swedish Convert And Defender Of The Faith, Has Gone To Join The Islamic State

[Here](#) he addresses fellow Swedes, when – two years ago – he took upon himself the Defense of the Faith..

And [here i](#)s the report about his going off to join the Islamic State.

He's spent the last decade telling everyone in Sweden to beware of "islamophobia." Now he's gone off to find Jannah – the Muslim Paradise – probably by the surest means available, killing Infidels – in the Islamic State. He brought his wife and children too. Fun for the whole family.
