

# After Riding Pandemic Into Office, Biden Administration Unsure in COVID-19 Response

by Conrad Black

**There is some natural justice** in the shambles of the Biden administration's [disinformation](#) campaign they inflicted on Trump, which, along with the electoral skulduggery in the swing states, won them the election.

Trump gave them the vaccine and the winning strategy, and they're bobbling it. All that's needed is a little leadership.
