

Asia Bibi's plight reaches top US media channel Fox News!

✘ *By an e-mail recieved today from The British Pakistani Christian Association*

Our Chairman Wilson Chowdhry is going to be live tonight on Fox News. He will be interviewed via Skype on the 'On the Hour' programme which goes out at 7pm (EST) on 1st July 2015 (which is 12am on 2nd July in UK.) The interview will focus on the six year long incarceration of Asia Bibi and the wider persecution of Pakistani Christians.

Please take time to hear about the plight of the millions of Christians suffering in Pakistan and please pray for her that the increased publicity will mean her release will be secured very soon.

[six years;](#) *she is now very ill and there are fears for her life.*
