

Barack Obama on Israel: As Ill-Informed as He is Self-Assured

by Hugh Fitzgerald

An Israeli MK, Dov Lipman, recently examined those parts of Barack Obama's just-released *A Promised Land* that treat of Israel and its conflict with the Arabs. Lipman is appalled by what he found, and he holds up for examination and criticism Obama's dreamy misinformation about that history and his almost comical self-assurance about matters he knows so little about. You can find Lipman's scathing review [Jihad Watch](#).
