

# **Barkan, Israel: Muslim Employed in Israeli Workplace Murders Two of His Jewish Co-Workers, Attempts Murder of a Third**

*His name was Ashraf Waleed Suliman Na'alwa. One must assume he would not have been employed at the Barkan Industrial Park had he appeared dangerous (do the Israeli security services background-check these Arab Muslims, whether from Muslim colonies in the areas of Judea and Samaria that are occupied by the 'Palestinian [sic] Authority [sic], or from Muslim colonies within Jewish-ruled eretz Israel, before said Muslims are employed in places like Barkan where they have 'inside access' to Jewish co-workers, or do they not?). Assuming that this Ashraf passed a background check, and was (foolishly) deemed non-dangerous... then this story ought to be instructive for many more Infidels than those resident within Israel. **Any Muslim, anywhere, no matter how apparently "peaceful", even if lacking an obvious criminal record or obvious devoutness or membership in a known Jihad gang, is potentially deadly; any Muslim can Go Jihad, as Ashrah Waleed Suliman Na'alwa just did, savagely murdering a young mother (whom he, apparently, handcuffed and then shot at point-blank range) and a young father.***

*As reported by Israel National News on 7th October.*

<http://www.israelnationalnews.com/News/News.aspx/252849>

*"Two Murdered in Samaria Terror Attack".*

*Even Israel National News doesn't tell it straight. I would write – "Samaria, Israel: Muslim Jihad Terrorist Murders*

*Jewish Co-Workers". – CM*

"Two people were murdered and another person wounded [on] Sunday morning in a terror attack in the Barkan Industrial Park in Samaria.

'Initial details found that the shooter (*sic: the attacker – CM*), apparently a 23-year-old P.A. ('*Palestinian*' Authority – CM) resident of the **village** (*that is: the Muslim colony – CM*) of Shuweika near Tulkarem, **who worked at a factory at the park** (*but who, we now know, far too late, should never have been employed there in the first place – CM*), entered the factory with a rifle, ascended to one of the upper floors, and began shooting.

'A man and a woman in their 30s were murdered, while a 54-year-old woman was seriously wounded and evacuated to Beilinson Hospital in Petah Tikvah by Magen David Adom (MDA) emergency medical responders.

'The hospital later announced that the condition of the evacuated woman, who suffered from a stomach wound, was classified as moderate, and that her life was not in danger. She was hospitalized for further treatment.

"The shooter (*sic: the murderer – CM*) has escaped. Security forces are searching the area for the suspect.

*This report appeared before the Muslim murderer's name was ascertained and published. – CM*

'MDA medicas David Baruchi and Neria Ketua described the scene. "When we arrived there was chaos at the scene. People shouted that there were wounded persons inside, they led us in to one of the rooms, we saw a man and a woman of about 30 lying unconscious, without pulse and not breathing. We undertook medical checks, they had no vital signs and we were forced to confirm their deaths.

“We searched the scene and found another, 54-year-old woman under one of the tables. She was fully responsive with a gunshot wound to her upper body. With the help of MDA EMT Hadas Wilps, we extricated her and provided life-saving medical treatment, including haemorrhage control, medications, and we evacuated her to Beilinson with severe yet stable injuries. During the evacuation she was interacting with us, and was able to recount the incident. She also requested that we notify her family, which we did.”

‘Ketua added that, “On the way to the hospital the wounded woman related that she had heard noise and gone outside to understand what was happening, and found herself in front of the attacker, who shot at her.”

*The Comments to that report were mostly by persons who fully understood that if you have Muslims living in your midst, if you have Muslims inside the gates – of your workplace, your factory, your country – then you have jihad bloody jihad. One stated outright – “Make Israel Safe/ Make Israel Strong/... Make Israel ours again.. Expel all Muslims...**The complete, elegant, ethical, reasonable, Torah and only solution to the myriad issues, dilemmas and threats Israel chronically faces, is to expel all Muslims from Israel**”. Another commenter, focusing on the particular case, stated, “Stop hiring Muslims, period.” Another – “Find the offending ARab. Dead or alive. Deport his family”. Sharon – ‘Expel his whole village’. Yosef stated the obvious – “**As with the murder of Ari Fuld – mixed shopping centres and industrial areas in Judea and Samaria give the murderous Arabs (sic: MUSLIMS – CM) lots of opportunities to commit murder.**” Good advice here not only for Israel, but for all infidel societies currently afflicted with an expensive and ever-more-aggressive and disruptive Muslim presence in their midst. Got Muslims? Got Mosques? GOT JIHAD. The only way to prevent Jihad waged from within.. is not to have Muslims and their mosques in our midst.*

*Arutz Sheva/ Israel National News then added further reports*

*on the attack and its aftermath. First – and this is important – the names of those Jews who were murdered.*

<http://www.israelnationalnews.com/News/News.aspx/252862>

*“Names of Barkan Attack Victims Cleared For Publication”.*

*‘Victims Murdered in Barkan Terror Attack Identified as Kim Levengrond-Yehezkel of Rosh Ha’ayin, [and] Ziv Hajbi, of Rishon Letzion.*

*‘Kim Levengrond-Yehezkel, 28, from Rosh Ha’ayin, is the Israeli who was murdered in the terror attack this morning in the Barkan industrial zone.*

***‘An initial investigation revealed that a PA man (that is: a Muslim from the ‘P.A.’ occupied area – CM) tied her hands and those of another man and shot them at close range.***

*And there you have in a nutshell the nature of Islam: that it specialises in murderous bullies, that it produces a “man” who thinks it morally right, pleasing to his vicious ‘god’, for him to ambush unarmed people, tie them up, and then.. shoot them dead at close range. This same obscene parade of brazen murderous sadism was displayed by Mohammed Merah in Toulouse in France when he shot an unarmed rabbi, and that rabbi’s two little boys (both aged under five years), and then grabbed a little eight-year-old Jewish girl, Miriam Monsonego. When he tried to shoot her, his weapon jammed. So, grasping this terrified child by her pony-tail, he changed weapons... and shot her in the head, at point blank range. No doubt he was hailed by fellow members of the Allah Gang, or Muslim Mob, as a hero.*

*By any other moral calculus he was a monster of evil, a display of the very worst of which human beings are capable. One might also mention the two Muslims – one a convert to the cult of blood and war, slavery, rape, murder and lies – who went into a church in Normandy during the Mass and slit the throat of the elderly priest, Fr Jacques Hamel, in front of the altar. – CM*

'They were critically wounded and later confirmed dead. Security forces are pursuing the terrorist who managed to escape from the scene.

'Levengrond-Yehzekel began working at the factory a year ago, as a receptionist for the deputy CEO of the company. She leaves behind her husband, Guy, and her one and a half-year-old baby, Kai.

'The name of the man who was murdered in the attack at the Barkan recycling plant was later revealed as Ziv Hajbi, 35, of Rishon Letzion."

*In a successive report we hear some plain speaking from one Shai Golden, of Israel.*

<http://www.israelnationalnews.com/News/News.aspx/252866>

"This is not a 'terror attack' – It's an execution.'

'Media personality – "We did not come to Israel so that Jews would be tied and shot like dogs. That's why we left the Diaspora".

Media personality Shai Golden published a post on Facebook following the deadly (sic: murderous – CM) shooting attack in Barkan [on] Sunday, and the particularly brutal manner in which the murders were carried out.

"When bodies are found handcuffed and shot, this is not a shooting attack, it's an execution", Golden wrote, shortly after the shocking details were published.

"It is important to be precise in terms of terminology, and not to tell stories about a struggle for Palestinian freedom, occupation, stagnation in diplomatic negotiations, and rage against the siege in Gaza.

"It's an act of blind hatred, a cold-blooded murder of civilians, that **there is no way in the world to explain it,**"

Golden said.

*No way to explain it? Has Golden read what Quran, Sira and Hadiths say about Jews qua Jews, and what those texts say about anyone who is not Muslim, and how they are to be viewed, and treated? If he did, he would know that the hatred that spewed forth when Ashraf Waleed Suliman Na'alwa handcuffed Ziv and Kim, and then stood over them and shot them dead, is taught by Islam; hard-wired into the core founding texts of Islam. Murderous hatred of, and contempt for, and unending aggression toward all those – but most especially toward Jews – who refuse to Submit to Muslims, to Islam, who refuse to be ruled by the antihuman and inhuman, base and brutal system that is Sharia; who refuse to pretend that a long-dead Arab warlord, rapist, treaty-breaker and slave-trader is a 'prophet'.*

*The Muslim murderer of Kim and of Ziv has not yet been caught. One must assume, however, that some among his family or tribe know full well where he is.*

*A further report, from Yoni Kempinski, on the progress of the pursuit.*

<http://www.israelnationalnews.com/News/News.aspx/252878>

*“Relatives of Terrorist Arrested, Home Raided.”*

*‘IDF soldiers arrived at the house of the terrorist in the village of Shweika, mapped the building, and carried out interrogations and arrests.*

*‘IDF forces and the Shin Bet security service arrested relatives of Ashraf Walid Suleiman Na'alwa, the terrorist who murdered Kim Levengron Yehezkel and Ziv Hajbi and wounded another civilian in a shooting in the Barkan Industrial Zone, [on] Sunday [7th October].*

*‘The IDF stated, “At this time, IDF and ISA forces continue to*

pursue the assailant Ashraf Waleed Suliman Na'alwa, who murdered Kim Yehezkel and Ziv Hajbi and injured an additional civilian during today's shooting attack in the industrial area of Barkan.

"IDF troops arrived at the house of the assailant, located in the village of Shuweka, north of Tulkarem, and surveyed the residence. In addition, the troops apprehended and questioned **Palestinians** (*sic: the IDF would do better to have said, 'local Muslims'* – CM) suspected of aiding the terrorist. Simultaneously, security forces are searching the area."

*I hope that the search includes each and every mosque in the district. – CM*

"IDF and ISA forces will continue to operate in order to apprehend the assailant and ensure the safety of the civilians in the area, while increasing the intelligence and operational efforts."

*And finally, a report on the funeral of the Jewish woman who was murdered.*

<http://www.israelnationalnews.com/News/News.aspx/252882>

"Terror victim Laid to Rest."

Hundreds turned out for funeral of Kim Levengrond-Yehezkel following deadly shooting attack in Barkan Industrial Zone.

'Hundreds of people turned out for the funeral of Kim Levengrond-Yehezkel, 28, from Rosh Ha'ayin, who was murdered in the shooting attack in the Barkat Industrial Zone [on] Sunday morning.

'Levengrond-Yehezkel worked as a secretary in a factory in the industrial zone as she prepared for the bar exam. She is survived by her husband, year and a half-year-old child, her parents, and a sister.

'The funeral was held at 10 PM Israel time.

'Kim's father eulogized her at the funeral and said, "Sorry that I was not at your side. Unfortunately I did not get there in time. I promise you that Guy and Kay will get everything they need, and promise I'll take care of them as I always have. You can rest in peace."

'Sapir, Kim's cousin, said, "I promised you that I would always watch over you, but this morning I did not have time to protect you. Your laughter will no longer be heard. I always wanted to be like you and learn from you."

'Kim's husband said, while in tears, "I just want to promise you that I will never forget you, and raise our Kay just as you wanted, and make sure he is treated like a king, just as you wanted. I love you, and you will always be my best friend."

'Communications Minister Ayoub Kara, who attended the funeral on behalf of the government, said, "This is a dark day. There are no words to express the sorrow and grief caused by a despicable terrorist in Barkan.'

"I came to express my condolences on behalf of the Israeli government. I came to say sorry to the devoted husband and the devoted child who will not see his mother", he continued.

'**Terrorism** [*sic: murderous Muslim jihad, Muslim supremacism, Muslim megalomania – CM*] killed my two brothers. **Radical Islamic terrorism** [*sic: Mass-murderous Muslim aggression that, obeying the directives of the Islamic trilogy – Quran, Sira, Hadiths – seeks Total World Domination – CM*] has become the problem of the entire world. (*sic: Muslim jihad has been a problem for all non-Muslims for 1400 dreadful and bloody years, and counting – CM*)

"It frustrates me that everyone in the world has no answer to the terrorists. The answer is the value of life, as I saw in

my meetings with world leaders. We call on the whole world to fight terrorists. Terror is defeated with determination. A terrorist belongs in a grave”, Kara added.

*One way of limiting the bloody reach of the Jihad is to prevent Muslims from entering and settling within any more of the lands that Islam views as dar al harb, zone of War, the lands where most people are not Muslim and the forms of government, religion and law are not Islamic. Further, where Muslims have – through weakness and/ or folly of the resident non-muslims – been permitted, whether recently or in the longer-ago, to enter and settle within such countries, they have to be expelled; and then kept out, henceforward. Quarantine the so-called ‘dar al Islam’, the lands already blighted by Islam; and resolutely resist and punish any acts of aggression that, issuing from those Muslim-dominated lands, cross or attempt to cross into the lands of the non-Muslims. Then there would be fewer tearful funerals such as those of Ziv and Kim. – CM*

‘MK Oren Hazan (Likud) who knew Levengrond-Yehzekel, wrote on Twitter that, “I met Kim at the kindergarten where Kay and my daughter Ori played together, and I met her almost every day. I got to meet a girl with a special smile, that never went away. She was a caring girl, pleasant, nice to everyone, and full of love for her family”.

‘Ziv Hajbi, 35, who was also murdered in the attack, will be laid to rest tomorrow at Moshav Nir Israel, near Ashkelon. Hajbi, a resident of Rishon Letzion, leaves behind a wife and three small children.

‘The attack took place shortly after 7.30 this morning. The terrorist Ashraf Na’alwa, a resident of the village (that is: the Muslim colony, or military base – CM) of Shweika, arrived at a factory belonging to the Alon group in the Barkan Industrial Zone, where he had worked for the past seven months.

'The terrorist climbed the stairs to the offices on the second floor, opened fire, and murdered Levengrond-Yehezkel and Hajbi. He also wounded another worker, who was hospitalised in a moderate condition at Beilinson Hospital.

'Na'alwa fled the scene. IDF and Shin Bet security forces continue to hunt for him. IDF soldiers arrived at the terrorist's home, mapped the building, and carried out interrogations and arrests of suspected terrorists."

*Israel would be within their rights, as a non-Islamic country attacked by the 1400-year-old total war that is the Jihad, to raze the entire Muslim colony of Shweika and expel – into jihad-armed-camp Gaza, perhaps – every Muslim inhabitant thereof. So long as there are Muslims inside the gates of Israel – or, for that matter, inside the gates of France, or the UK, or the USA, or the Netherlands, or India, or Thailand, or Australia, or any other non-Islamic country one might care to name – there will be Muslim murders, and other acts of aggression, Muslim acts of jihad terror, acts of cultic warfare, carried out against the non-Muslim population of the host countries; and those acts of aggression will be openly or tacitly approved of by the Ummah, or mohammedan mob, which is taught to view itself as entitled to rule – absolutely – every last inch of planet earth and to force into submission every human being on earth. – CM*
