

# Belarus Dictator Lukashenko: 'World Grovels Before Jews'

by Hugh Fitzgerald

**Alexander Lukashenko** has been the dictator of Belarus since 1994. He has long suffered from megalomania, and from that peculiar mental disease known as antisemitism. Just the other day, he delivered himself of one of the classic laments of the deep-dyed antisemite: that the Jews rule the world. His complaint about those all-powerful Jews is here: “‘The Entire World Grovels to the Jews’: Belarus Dictator Alexander Lukashenko in Antisemitic Outburst,” by Ben Cohen, [Jihad Watch](#).
