

Facebook's latest bans ~ I am a dangerous individual.

I am a dangerous individual. I hang out with other dangerous individuals in England, and we associate with dangerous groups.

This is how the [Independent's](#) Paywall but anti-Tommy Robinson (already banned some weeks ago) reporter there Lizzie Dearden (Lizzie Dearden took an axe and gave free speech a mighty whack) says

Facebook became one of the far-right's biggest recruitment tools: For the British far right, Facebook was used for everything from event organisation to fundraising, networking, publicity and, most importantly, drawing in new recruits. And they were phenomenally successful.

...Extremists will find it much harder to draw new support after the social network's latest purge.

Even the
