

Hold On To The Constitution

“Hold on, my friends, to the Constitution and to the Republic for which it stands. Miracles do not cluster and what has happened once in 6,000 years, may not happen again. Hold on to the Constitution; for if the American Constitution should fail, there will be anarchy throughout the world.” – Daniel Webster

Daniel Webster wrote these words in the 1840s and yet they are truer today than when they were first written. The most violent ideology that has ever been unleashed on mankind is that of Islamic Sharia law. It is estimated conservatively that Islam has caused the deaths of over 270 million of our fellow human beings. This makes Hitler and his cronies appear to be mere pikers. Even with modern weapons Hitler, Mussolini and Tojo were responsible for the slaughter of 40 million people.

Mohammed and his gangsters devised the greatest killing machine in the long sad history of this world. It is called Jihad. The deliberate, calculated extinction of all infidels with no mercy shown to men, women, children and even babies.

Sharia is totally antithetical to the rule of law as formulated in our Constitution. The first ten amendments collectively known as the Bill of Rights stand in stark opposition to Islamic Law. Sharia forbids freedom of expression and freedom of religion. Sharia forbids infidels against carrying weapons. Sharia allows the quartering of Islamic fighters in our homes. Those fighters are also free to search our homes without cause or warrant. There is no trial by jury under Sharia.

If we fall in the United States the hope of the entire world for freedom disappears. Ronald Reagan had it right. We are never more than one generation away from losing our liberty.

And freedom once lost may never be regained.

President Obama, the founding Fathers have built a process into the Constitution whereby that document can be legally amended. And it is not by executive order. Rest assured we will not let you destroy this great Republic. We shall oppose you by every legal, peaceful tactic. The line has been drawn in the sand. Do not cross it.

You and your left-wing minions who are allied with the Islamic militants so eager to replace the Constitution with Sharia Law will be resisted every step of the way. We will regain our freedom and security. We will take back our nation and pass it on pure and unadulterated to future generations.
