

Iraqi Shi'a Al-Shibiani Doesn't Care For The Saudis And Other Sunnis

And what's more, this Guru of the Occult Al-Sahibiani says, "we [Shi'a in Iraq] are Iran and Iran is us."

He gets onto the subject of Jews, by the way, only as an afterthought, because his rage is clearly directed at the Saudis, at the Sunnis, and he does so only when prompted, again and again, by that young woman, so hijabbed and hate-filled, who wants to make sure that it is clear to her audience that behind the Saudis, behind the Sunnis, behind everything bad in the whole wide world, are the Jews. She's something, isn't she – the sweetest-faced most hideous little hijabbed Nazi you are likely to find. Or maybe not – there are so many tens or hundreds of millions of others just like her. Some may live in your town, even on your street.
