

Is this the worst sex grooming case of all? Abducted as a teen and held prisoner for 12 YEARS

Baroness Cox has taken up this girl's case, and her involvement means that the police and CPS are having to make some investigations to find the men. The way she was kidnapped and 'married' is exactly the way predatory Muslims abuse young Christian women in Egypt and Pakistan (where the girls are sometimes Hindu or Sikh from the small communities left since partition). I have a lot of respect for Baroness Cox; she wouldn't take a case up were she not satisfied it had substance and corroboration.
