

ISIS Pledges To Expel All Shiites From Arabian Peninsula

Why not? The Shiites are not real Muslims but dangerous hypocrites, and even worse than Jews and Christians, they are Rafidite dogs, they are Safavid swine. That's the view of Uber-Sunnis, including the Saudi clerics, and not just of members of the Islamic State. Many Sunnis will be delighted to see the Shiites driven out of the Eastern Province of Saudi Arabia. Others look forward to Iran coming to the defense of its co-religionists, for it is, after all, Iranian aggressive moves that have endangered Shiites, as never before, in Yemen, in Bahrain, in Lebanon, in Pakistan, in Saudi Arabia. Is it possible that Shiite Islam may be so weakened by this conflict that it will never recover? Could that be the final legacy of the Ayatollah Khomeini – the destruction of Shi'a Islam?
