

Jerusalem: Muslims Back-Stab Two Elderly Jewish Ladies

In Germany a Muslim howling Allahu-akbar ran amok in a railway station, stabbing the people there, murdering one person and gravely wounding three others.

And in Jerusalem two Muslims with masked faces, similarly wielding knives, attacked a group of five little old Jewish ladies, stabbing two of them in the back.

As in Jerusalem, so in Munich. As in Munich, so in Jerusalem. Muslims, attacking and killing the hated Kuffar, who are hated because they are not Muslims.

As reported by Israel National News and by Jerusalem Post. First, Israel National News.

“Terrorist Stabs Two Elderly Women in Jerusalem”.

‘A terrorist stabbed two women in their 80s in Jerusalem’s Armon Hanatziv neighbourhood on Tuesday morning.

‘MDA (Magen David Adom, the Jewish equivalent of the Red Cross – CM) treated the victims and evacuated them to Sha’arei Tzedek Hospital. They are both in moderate condition with wounds to their backs and limbs.

‘The incident (sic: the attack; the attempted murder – CM) occurred while five older women were walking by the Haas Promenade.

‘Two assailants, with their faces covered, attacked the group and stabbed the two women before running away.

‘Shlomi Tedgi, a senior MDA medic, said, “We saw two elderly

women, about 80 years old, lying on the dust by the promenade. They were fully conscious and suffered from stab wounds – one in her limbs and her upper body, and the other in her upper body.”

“They talked and interacted with us”, he continued. “We gave them field medical treatment and evacuated them to the hospital. They were in moderate but stable condition.”

‘Security forces have set up road-blocks and are searching the area in order to find the perpetrators. They have arrested two suspects and are checking whether they were involved in the attack.”

“Masked Assailants Carry out Terror Stabbing Attack in Jerusalem”

‘A terror stabbing attack carried out by two masked men shocked the Armon Hanatziv neighbourhood of Jerusalem on Tuesday morning, with the attack taking place on the famous Haas promenade overlooking the capital.

‘Police have arrested two suspects, however searches are still ongoing,

*One hopes the Israelis are cluey enough to **begin** by ransacking any nearby mosques. – CM*

‘Magen David Adom stated that two elderly women have been stabbed in the back and are in moderate, but stable condition.

‘Shlomi Tedegi, an MDA medic, described the scene of the attack – “In an area adjacent to the promenade we saw two approximately 80-year-old elderly women lying in the dirt. They were fully conscious and suffering from stab wounds, one

in the extremities and her upper body and the second in her upper body.”

‘Tedegi said that the victims were responsive and spoke with MDA personnel. “We gave them first aid and evacuated them to hospital in a moderate and stable condition”.

They should recover. The attackers intended to murder them but, fortunately, failed. – CM

‘Israel Police reported that five elderly people were walking along a pathway on the promenade, when two masked individuals approached the group and carried out the attack.

*Cowards, thugs, sadists; young, strong men who choose to prey upon **little old ladies...** and in an even greater display of gutless viciousness, stab those little old ladies **in the back.***
– CM

‘A witness reported that the suspects were seen escaping towards Jabel Mukaber, an Arab village (*that is, an Arab Muslim village – CM*) adjacent to Armon Hanatziv, and the source of many terror attacks against Israelis (*that is: against Jews – CM*) in recent months.

*Does it have a mosque? Search the damn mosque. Find anything funny? **Raze** the damn mosque. Search every house. Use sniffer dogs, explosive detection dogs. Find anything funny? Raze the house. This ‘Arab village’ – that is, this Muslim Mob military encampment – is manifestly a hotbed of murderous Jew-hatred and Jihad. If the Israelis were to bulldoze it flat and turf out the inhabitants into Gaza, I’d applaud and so should all free Infidels. – CM*

‘The last stabbing attack to be carried out against Israeli citizens in the capital was last Monday, when an 18 year old Palestinian from the West Bank stabbed and injured a 60 year old ultra-Orthodox man outside the Lion’s Gate of the Old City of Jerusalem.

Jerusalem Post, Jerusalem Post: just STOP using the enemy's language. You should have written something like this:

"The last Muslim attempt to murder Jews in Jerusalem took place last Monday, when an 18 year old Muslim from Judea (or, from Samaria, as appropriate) stabbed and wounded a 60 year old visibly-Jewish Orthodox man outside the Lion's Gate of the Old City." – CM

'Despite this latest attack, the number of incidents (sic: murder and attempted murders – CM) has decreased over the past month, from the highs experienced over the winter months.'

Don't bet on it. Wherever there is a Mohammedan Fifth Column entrenched within a non-Muslim host society – whether in Israel or in Germany – there will be murderous attacks on the surrounding non-Muslims, such as we have seen today, on the very same day, both in Jerusalem and in Munich; like rust, the Jihad never stops, because the hysterical, murderous hate inculcated by the core texts of Islam never, never stops. Got Muslims? – Got Jihad. – CM
