

# Jihadi terrorists shouting 'this is for Allah' kill seven in knife frenzy

*Photographs from the [Mirror](#) also reports that some victims were stabbed about the throat.*

Alex Shellum was in The Mudlark pub, close to London Bridge, at around 10pm when a woman in her early 20s "staggered into the pub".

"She was bleeding heavily from the neck and from her mouth," he told BBC News."It appeared to myself and to my friends that her throat had been cut. People went to her aid."He said the pub was then closed and armed police told them to leave the area.
