

# John McCain, President Trump's Nemesis?

by Rebecca Bynum

The phoney FusionGPS dossier (which started the hysteria about Russian influence during the election) tracked down in Britain and given to FBI director Comey by...John McCain.

Grand strategic move to separate Russia from Iran and bring Russia more firmly into the West to oppose expansionist Islam foiled by...John McCain

Obamacare repeal foiled by...John McCain.

What will the Republicans do now? Will anyone upbraid John McCain they way they have consistently upbraided the President? Or will he continue to be able to stifle the President's agenda and for how long?
