

# John Oliver and Israel's 'War Crimes'

by Hugh Fitzgerald

**John Oliver is the host** of the late-night talk-show "Last Week Tonight." On May 12, after two days of fighting between Hamas and Israel – the war started with a volley of 140 rockets that Hamas, in Gaza, launched against Israel – Oliver delivered his thoughts on the conflict. He came down hard on Israel. Yuval Yoaz reports on Oliver's palpable want of sympathy for the Jewish State here: "What John Oliver doesn't get about the war in Gaza," [Jihad Watch](#).
