

Las Vegas Shooter 'Radicalized'

I just watched the press conference with the Las Vegas Sheriff. He said, "Did this person get radicalized unbeknownst to us and we want to identify that source." ISIS is doubling down in taking credit.

The image is a screenshot of a website with a dark blue background and a red header. At the top center of the header is the ISIS flag logo with the text "ISLAMIC STATE" below it. On the left side, there is a red box with the words "BREAKING NEWS" in white. To the right of this box, the headline reads: "About 600 people were wounded and injured from the crusaders in a blessed attack in the American city of Las Vegas". Below the headline, there is a horizontal line. Underneath this line, on the left, is a blue box with the word "America" in white. To the right of this box is the date "12 Muharram1439". The main body of the page contains a paragraph of text in white font, which is a propaganda narrative about the Las Vegas shooting, claiming it was a "blessed attack" ordered by the "commander of the faithful muslims" (Abu Bakr Al Baghdadi) and carried out by a "soldier of the caliphate" (Abu Abd El Bar).
