

Las Vegas Shooter 'Radicalized'

I just watched the press conference with the Las Vegas Sheriff. He said, "Did this person get radicalized unbeknownst to us and we want to identify that source." ISIS is doubling down in taking credit.

The image is a screenshot of a propaganda page from the Islamic State (ISIS) website. At the top, there is a red header with the ISIS logo and the text "ISLAMIC STATE". Below the header, there is a dark blue background with a "BREAKING NEWS" banner in a red box. The main headline reads: "About 600 people were wounded and injured from the crusaders in a blessed attack in the American city of Las Vegas". Below the headline, there is a "America" tag and the date "12 Muharram1439". The main body of text describes the attack on Las Vegas, attributing it to the Islamic State and mentioning the commander Abu Bakr Al-Baghdadi and the perpetrator Abu Abd El Bar.
