More Bibigate appears to be afoot. The Obama Administration and Jewish Congressional members are endeavoring to plant suspicions that Netanyahu is abusing alleged confidential information in briefings on the P5+1 negotiations. This could reveal information that might upend achievement of a final agreement. *Vox.com* [reported](#):

1. US officials believe that Israeli Prime Minister Benjamin Netanyahu has authorized his government to release secret details of the US nuclear negotiations with Iran to the Israeli press, according to
