

# Moussa Coulibaly, "Une Chance Pour La France"

[Here](#).

Coulibaly is, it turns out, a common name in Mali.

This Coulibaly is not related to the kosher-market murderer. But he shares his hatred for Jews, soldiers, France. He thinks that Muslims are "oppressed." That's why he stabbed soldiers outside a Jewish center.

Some politician – Hollande most likely – has called immigration "une chance pour la France." Yes, it's an Opportunity, it's a Lucky Break, for poor old decrepit France, needing the new blood that, apparently, only Muslim immigrants can bring.
