

# Netanyahu's Great Achievement

Not the election. What's to come is still unclear. Rather, it's his "undiplomatic" speech before Congress. Things said that cannot be unsaid, or overlooked, or once heard, forgotten. Along with The Letter, it has forced Kerry to take a harder, possibly much harder, line with the representatives of the Islamic Republic of Iran. That's great achievement, and it remains a feat, whether Netanyahu was today voted in, or voted out, of office.
