

OMG, She Cheered For White Men!

Janice Fiamengo's newest video:

Like many other academic fields today, Medieval studies has been rocked by claims that white supremacy and attendant far-right isms are deeply imbedded in the discipline and must be rooted out—in fact that there is nothing more important to do in the field than talk about white supremacy and heteropatriarchy, and that anyone not willing to do it must themselves be white supremacists whose denials, or even silence, harm people of color.
