

Palestinian Analyst Bassem Eid Invites The Squad to Visit Him in Jerusalem

by Hugh Fitzgerald

Bassem Eid is a Palestinian analyst and human-rights campaigner who chooses to live in Jerusalem, under Israeli rule, rather than in those parts of the West Bank where Mahmoud Abbas and the Palestinian Authority hold sway. He's not fond either of the PA, or of Hamas, and he's horrified that those claiming to champion the Palestinians fail to realize how cruelly treated they are by their own corrupt leaders. Bassem Eid's scolding of the Squad – Ilhan Omar, Rashida Tlaib, Alexandra Ocasio-Cortez, and Ayanna Pressley – is here: “Palestinian Activist: It’s Time Ilhan Omar and ‘The Squad’ Learned the Truth About Israel and Hamas,” by Bassem Eid, [Jihad Watch](#).
