

Parent Of A Nursery-School Student Stabs The School's Director

[Here.](#)

The word "Muslim" is nowhere in the article. But other things in the article make clear that the word "Muslim" applies to the stabber. French crime reports do not give out the name, nor otherwise identify, the perpetrators. But where they are from, and the weapons they use, and other details, too, have made French readers into past masters at de-coding. This kind of crime is almost exclusively Muslim.
