Putin Threatens to use Nuclear Weapons against ISIS

Don't say this has never crossed your mind. <u>Russia Today</u>, he said: "We must [analyse] everything happening on the battlefield, how the weapons operate.

"The Kalibrs (sea-based cruise missiles) and KH-101 (airborne cruise missile) have proved to be modern and highly effective, and now we know it for sure – precision weapons that can be equipped with both conventional and special warheads, which are nuclear.
