

Saudi Researcher Ali Al-Ahmed On Yemen, And The Fate Of The Al-Saud

Described as a “Saudi researcher” – an ambiguous description, because it does not make clear if he does research on Saudi Arabia or, more likely, is a native of Saudi Arabia, Ali al-Ahmed is, to judge by his name, Shi’a. But even if he is not, he does not favor the Al-Saud regime and rightly says that the Saudi bombing of the Houthis is done not to defend free elections and the constitution in Yemen, but simply to keep Yemen from becoming too dangerously independent and more of a danger to the Saudis..
