

# The Breakers Joins the Woke

After a 20-year relationship, the Breakers Hotel has cancelled an annual event held by the **David Horowitz Freedom Center** as **“too controversial.”**

Among the speakers at this year’s meeting were Project Veritas founder James O’Keefe, Manhattan Institute scholars Heather MacDonald and Christopher Rufo, Pete Hegseth, Andy Ngo, John Hinderaker, Victor Davis Hanson, Dinesh D’Souza, Daniel Pipes and many others.

We stand with David Horowitz and perhaps he will move down the street to Mar-a-Lago for future conferences. The Breakers can go woke and go broke.
