

The House Of Representatives Does Not Intend To Be Ignored On Iran

367 members of the House of Representatives have [signed a letter](#) stating that they must be involved, that sanctions cannot be removed without a vote of Congress, that the Obama Administration should not attempt to ignore the Constitutional requirements of which members of Congress are well aware, and attempt to lift sanctions without such approval.

The Obama Administration dilled and dallied through his entire first term, then put on sanctions, but not all at once, and did nothing to encourage or even support, within Iran, those who are fed up with the klepto-theocrats who keep the Iranians in thrall to the Islamic Republic, and the misery, mayhem, Muslim murders for which it stands.
