

The Multi-Cultural Scam and the Victimology Racket

by Samuel Hux (July 2016)

The black intellectual at this moment in American cultural history is sitting pretty. He is after all the one the white liberal yields to in matters of race; he gives the marching orders. "The black intellectual" sounds a bit too inclusive because logically it has to include people like Thomas Sowell. But we all know that the designation is really *exclusive*. [more>>>](#)
