

Time To Admit It: Democrats Are The Party of Sexual Perverts

By Armando Simón

"The Party told you to reject the evidence of your eyes and ears. It was their final and most essential command." – George Orwell

Mark Levine has labeled the Democratic Party the Party of Hate, [others](#) have described it as the Party of "Death to America," and a good case can be made for both descriptions. The above statement that the Democratic Party is the Party of Sexual Perverts is not an ad hominem statement nor meant as an insult, but as an accurate description, an easily verified description which I will herewith demonstrate.

But first, I must explain that accusations of demonstrable censorship, news bias, conspiracies, indoctrination in [schools](#), and injuries of females by transgenders in sports, etc., are often countered by [leftists writing essays](#) of [simple denial](#).

Crude but effective.

On the other hand, whenever I make the above accusations, coming from a research background, I often cite data, lists, that is, lists of facts, without intervening flowery statements. [While](#) general accusations can be waved away with equally general denials, data – that is, detailed facts – cannot be waved away, much as leftists would like otherwise.

One drawback, of course, is that readers can become overwhelmed at the sheer amount of data and the other is that editors become irritated by this technique, preferring grandiose essays. Now, I can write grandiose essays along with

the best of them, but listing data, undeniable data, is the best choice.

So, I beg the reader's indulgence in the following:

In Arizona, [Democratic](#) state senators hosted a "Drag story hour" for children and adults – inside the State House.

In Kentucky, a [Democratic](#) senator opposed a bill banning child sex toys and referred to pedophiles as "minor-attracted persons." Leftists always use euphemisms to promote repugnant ideas. And, yes, people do fall for that trick.

In Kansas City, Missouri, the [Democratic](#) mayor along with other Democratic officials had a "National Reading Day." Not books like "Tom Sawyer" or "Treasure Island." No. The books read were written with the purpose of brainwashing children to "explore their gender identity" (more euphemisms) and to encourage them to become transgender.

New York [Democrat](#) Alexandria Ocasio-Cortez praised a drag queen wandering around in the halls of Congress.

Staff members of a [Democratic](#) senator from Delaware were found having anal sex in the Judiciary Committee hearing [room](#).

And speaking of [Democrats](#) from Delaware, we have pseudo-President Joe Biden. His daughter's [diary](#) revealed that they used to shower together. That's one way to bond. His crackhead son recorded himself having sex and drugs with multiple [prostitutes](#). Biden is also outraged – yes, outraged! – that pornographic books are being removed from elementary [school](#) libraries.

In Michigan, a [Democratic](#) government staffer expressed being aroused by the "sexy satanic statue" erected at the Michigan state capitol.

In New York, a [Democratic](#) senator who helped pass a bill targeting Donald Trump on accusation of rape was himself

accused of rape.

In a symbolic slap to parents, a [Democratic](#) Fairfax County School Board member was sworn into office not on the Bible, but on a stack of pro-homosexual books.

In New York, Erie County [Democratic](#) party chairman was sentenced for having sexual relations with a 9-year-old. Now you know why Democrats pander to pedophiles.

In California, [Democrats](#) blocked a bill that would make [child](#) trafficking a more serious felony than it is presently. Now you know again why Democrats pander to pedophiles.

In Maryland, a [Democratic](#) mayor was caught with child porn and distribution thereof.

In Wisconsin, a [Democratic](#) judge was found distributing child pornography.

And then there are the [Democratic](#) officials in the judiciary that release [child](#) rapists out into the street, especially if [they](#) are illegal aliens. Nor can [they](#) be deported.

[Democrat](#) Chasten Buttigieg, husband of Transportation Sec. Pete Buttigieg, was shown in a video having children recite the pledge of allegiance to ... the "pride" flag.

In [Spain](#), the minister for equality (!) proclaimed that children should have sex with adults if they want to. She is a socialist, the Spaniard version of Democrat.

The [Democratic](#) Michigan governor posed for a picture with a bizarre, sexualized person.

Our US readers will recognise this as an image from Hunter Biden's notorious laptop; however other readers may be wondering why it is significant here.

And speaking of pictures, who could forget [Democratic](#) Florida governor candidate Andrew Gillum, found passed out, naked, and lying on drugs and his own vomit next to another naked man?

And then, there is the appropriately named [Democratic](#) Rep. Anthony Weiner who sent women naked pictures of himself – and he was far from being Arnold Schwarzenegger.

In New Hampshire, a [Democratic](#) transgender representative was arrested for possession of child pornography and sexual abuse of children.

In [Oregon](#), Democrats have made it legal for pedophiles to expose themselves to little children.

And then, we come to the issue of men pretending to be women entering women's [safe](#) spaces and women's [sports](#).

Not only is it unfair to the females because [the men](#) usually win, but also because they [injure](#) females during competition, and, of course, insist on bathing naked with the females.

Attempts at prohibiting this travesty have been opposed tooth and [nail](#) by [Democrats](#) in several ways: 1) asserting that parents have no say so over their [children](#), or to put it another way, “[your](#) kids are not your kids.” 2) have Democratic celebrities and politicians shower praise on drag queens and transgenders; for example, a [fake](#) American Indian praised fake women. 3) pass malevolent legislation [sugar](#) coating it [with](#) euphemisms. One can almost assert with near certainty that all [Democrats](#) favor men intruding in women’s sports.

To finish, it is only appropriate to remember serial rapist Bill Clinton. And the feminists who came to his defense as well as in defense of Biden, not his [rape](#) victim, including Gloria Steinem.

[Notice](#) in [many](#) of the [above](#) instances the silence of the national [media](#) hivemind. Almost as if it was taking [orders](#) not to report [such](#) outrages to the general public.

But regardless of the censorship on this, and other subjects, you can’t help but come to the obvious conclusion. At some point you can’t help but connect the dots; no matter how hard you may try to look away, the evidence is right there in front of you, staring at you. And in this case, it is that the Democratic [Party](#) is the party of sexual perverts.
