[Here.](#)

He found The Answer, the Complete Regulation of Life, the Total Explanation of the Universe, and ended up grinning, beside corpses of those Infidels – Alawites or Christians or Shi'a – it was and is such fun for the Truest of True Believers to torture and to kill. That's what became of Islam Yaken since he gave all his friends and family in Cairo the slip. And it's what could become of so many Muslims who find the world confusing, disappointing, depressing. They don't recognize that the true source of their misery is Islam; instead, they want more and more and more of it. That's a permanent problem.
