

What's Happening In Palmyra Is As If Muslim Fanatics Had Seized The Louvre

“La folie barbare de l’Etat islamique” in Palmyra (Tadmor) should be understood as akin to the Islamic State seizing the Louvre, and destroying what it contains (except, of course, for the soi-disant “Islamic art”).. But in a half-century, or possibly before, if the demographic situation in France is not dealt with, could this not happen?
