

Why God's Chosen People Israel are in a Civilizational War with Islamic Extremists Hamas and Iran?

by John Adams Brig. Gen US Army (ret.) and Jerry Gordon

On Monday evening, April 8, 2024, Jerry Gordon, a Senior Editor of the New English Review made a presentation at the Parkside Baptist Church in Pensacola, Florida. He had been invited by Parsons David Slominski, leader of a national Baptist Israel support group, and Parkside Pastor, William Chancery. Mr. Gordon had met Pastor Slominski at a chance encounter at B'nai Israel Synagogue in Pensacola that subsequently led to an invitation to present on one of their dates set for a program in support of Israel.

This outreach occurred in the wake of the barbarous October

7th, 2023 that erupted in what is now a six-month war in Gaza. More than 1,800 Israeli civilians and military have been killed and more than 3,700 injured in the conflict. Over 100,000 Israelis were evacuated from both the southern and the vulnerable northern border with Iran-backed Hezbollah in Southern Lebanon. A war pitting the IDF against the Islamic extremist groups Hamas and Palestinian Islamic Jihad with the twin objectives of destroying both groups and freeing the remnant of 130 Israeli hostages ranging in age from 14 months to 85 years of age. A war that now finds Israel at loggerheads with the Biden Administration and Western allies over the looming assault on Rafah in Gaza, where 1.5 million Palestinians are at risk of shielding the four remaining four Hamas fighting battalions and leaders Yahya Sinwar and Mohammed Deif who are lurking in the Metro honeycomb of tunnels.

The Biden Administration is more concerned with domestic criticism in leftist and domestic Muslim advocacy groups of support for Israel. Their demands for an immediate cease-fire and evacuation of IDF forces are impacting a tight 2024 Presidential Race. Domestic and international media have drawn attention to the questionable civilian Palestinian toll in Israel's War with Hamas and the PIJ, the alleged lack of humanitarian assistance, and the accidental killing of several international members of World Center Kitchen staff.

What was impressive about the attendees at the Parkside Church Presentation was their unwavering support for Israel based on biblical principles and Judeo-Christian values. Two standouts among those attending were the brilliant preaching by a former member of the US military stressing the morality of Israel's battle against "pure evil"- Hamas and the PIJ -and pressing on to victory and release of the suffering remnant of hostages.

The other was a chance encounter with a US Navy Seal retiree who was in Lebanon during Israel's first Lebanon war against

Yassir Arafat and the PLO with the horrific bombing of the US Marine and French Paratrooper Barracks, US Embassy and Shatila Sabra refugee Camp massacre. He had been stationed at a military base in Israel following that period. He also revealed his participation in the special operations to destroy the “super” gun developed by Canadian HARP ballistic expert Dr. Gerald Bull for the late Iraqi dictator Saddam Hussein in [Project Babylon](#). The team of six special operators for the mission he recalled was drawn from the US, NATO allies, and Israel. It was successful in destroying the so-called “space gun.” Dr. Bull was allegedly [assassinated](#) by Mossad in 1991 in Brussels, Belgium.

The presentation at Parkside Baptist Church started with the US and Israel National Anthems. The Parkside Church audience was attentive when we showed them our recent [“Israel Alone”](#) discussion with colleague General Adams. The questions they posed were thoughtful and indicative of what they represent—the marrow of American Christian supporters of Israel. Following, the presentation, the discussion continued during the collation prepared by the church members with both Pastors Slominski and Chancery and the regional director of outreach to the Ukrainian and Russian émigré communities.

What follows is the latest video presentation by General Adams and Jerry Gordon dedicated to Parsons Slominski and Chancery and the worthy brethren of Parkside Baptist Church: [Why God’s Chosen People Israel are in a Civilizational War with Islamic Extremists Hamas and Iran?](#)

Issues discussed in this presentation

Among the questions addressed in this presentation are:

1. What was the toll of the HAMAS barbarous attack on October 7, 2023 that Israel suffered?
2. How comparable was it to the Al Qaeda in 2001 here in America and the Holocaust in World War Two?
3. What is HAMAS and it's extremist agenda in fighting multiple wars with Israel given the group's 1988 Charter?
4. Why Is the current HAMAS war against Jewish and even the Palestinian people in Gaza called civilizational?
5. What outside Islamic extremist groups support HAMAS in its current war with Israel?
6. Why is Iran behind a three-front war against Israel and the US in the Middle East?
7. Why are pro- Palestinian groups, the US and global media calling for an immediate cease fire, when Israel has not defeated HAMAS and Israeli hostages haven't been released?
8. Why do US and British military experts praise the IDF conduct of the urban war with HAMAS in GAZA despite incidents where aid workers were accidentally killed?
9. Why we can't trust the Palestinian Health Ministry civilian casualties figures that the media uses?
10. Why is it difficult to supply humanitarian aid to Palestinians in GAZA? 10. What should supporters like you consider doing to support Israel in its hour of need?
